

CALL FOR APPLICATIONS FOR THE AWARD OF RESEARCH FELLOWSHIPS  
Regulation on Research Fellowships pursuant to Italian Law no. 240/2010  
Politecnico di Bari, issued by Rectoral Decree no. 252 of 05/07/2016

Rectoral Decree no. 791/2024

## Purpose

Applications are invited for the selection running at: Department of Mechanics, Mathematics and Management of the Politecnico di Bari, for the award of:

-n. 1 senior grant research fellowship, for the execution of research activities within the project entitled: *“Theoretical-application feasibility of replacing fossil combustion with advanced electric heating technologies in industrial processes at high temperature”*, according to the annexed Activity Programme:

*“Effectively fighting global warming requires a major reduction in CO2 emissions posing enormous challenges, especially for energy-intensive process. Electrification has a large potential impact on decarbonization because it allows clean, renewable electricity to power processes that previously used emissions-intensive technologies. CITADEL project focuses on substituting fossil combustion processes with innovative electric technologies, such as electric resistance, microwave and plasma. Five use cases are considered, targeting the production of refractory bricks, glass and copper wires, preheating processes in steel production and the recycling of concrete. For these specific applications, appropriate demonstration plants have to be designed, built, tested close to the process and validated. This is supported by corresponding activities to provide suitable hightemperature materials and tools for instrumentation and effective process control for stable energy supply, electrical and thermal load management simulated by means of numerical models. All demonstration cases will be evaluated by a Life Cycle Analysis”.*

The call for applications for the research fellowship issued pursuant to the University Regulation issued by Rectoral Decree (D.R.) no. 252/2016.

The activities shall be carried out under the supervision of a tutor, Scientific Manager Prof. Raffaello Pio Iavagnilio in a non-subordinate relationship with no set working hours.

The main place of work will be: Department of Mechanics, Mathematics and Management of the Politecnico di Bari, Via Orabona, 4 , Bari, Italy.
