Job offer: Application Engineer for Car Infotainment Applications

We are **ITSELECTA**, a recruiting agency based in Krakow, Poland. Our mission is to find the right people for our customer and the perfect job for our candidates. We are focused on recruiting for customers in Poland and Czech Republic.

Our customer is a well-known international company in the electronic field and we are selecting candidates to join their team in the Prague office. It is a great chance to join a great company if you have the right skills and motivation to move in the beautiful city of Prague.

Responsibilities:

- Application support for car infotainment processors
- Technical support for European (EMEA) customers on daily basis (by email, phone or customer visits)
- Embedded Linux SW development of use-cases, benchmarks, and integration activities on ARM based platforms
- Support for the customers in integrating, customizing and optimizing embedded software on their platforms
- Trainings for customers and third-parties

Requirements:

- Degree in Electrical Engineering or Computer science
- Experience with analogue design
- C, C++ programming skills
- English on communicative level (written and spoken)
- Sense of responsibility, result oriented, efficient in communication and teamwork

The company offer:

- Attractive salary and wide range of corporate benefits
- Great opportunity to learn new things
- Good team spirit and friendly working environment
- Office located in Prague city center
 - Possibility to travel abroad
 - Allocation package
 - Bonus: up to 30%, strictly related to the results
 - Permanent contract

Apply sending your CV at: info@itselecta.com. Email subject: Engineer for Microcontroller Applications

Deadline: 30/04/2017
